1950

Foreword

Having received instruction in knowledge and training in virtue, we are leaving this yearbook as a memento of those activities and high ideals which are a vital part of school life. We feel that its contents are of such a nature that it will be looked upon in the years to come as a priceless possession, especially to the Class of 1950. As we journey ever onward down the highway of life it will furnish us with a lasting memory of those who helped make that journey possible.

If this book is cherished by all who possess it, then we shall feel that our efforts have not been in vain.

Dedication

It is with deepest sincerity that we, the Senior class of nineteen hundred and fifty, wish to dedicate this edition of the Arcadian to Mrs. Irene Sharninghouse.

As our class sponsor for three seemingly long years, she has made it possible through her untiring efforts in our behalf, for us to enter this coming half-century with a strong sense of responsibility and a feeling of security and self-confidence which are so essential to our well-being.

Annual Staff

Through the cooperation and efforts of the Juniors and Seniors, another Senior yearbook has been successfully published. Many changes and additions have made this annual one of the most attractive annuals ever produced by our school.

Due to the tremendous amount of work involved in the publication of a yearbook, the staff was enlarged, with the plan of a Junior and Senior staff being retained. For the first time in many years we have used some of our own original art .

The aim of the 1950 ARCADIAN is to develop the personalities of the students and faculty of the school. Because memory soon fails without some definite reminder of our school days, this album should be cherished for many years.

Our annual sales contest this year was organized into six teams, known by the names of Santa Claus's reindeer. Miss Pepple's team won this year and was awarded a dinner.

The following staff members, with Mr. Groth as adviser, published the 1950 ARCADIAN:

Farewell To Thee

It was many and many a year ago
In a building at R. K. D.
That a class there entered whom all were to know
As the class of nineteen hundred fif-ty
And this class toiled with no other aim
Than to be praised by the power that be.

It was nineteen hundred and forty-six
In this building at R. K. D.
That we entered as freshman to learn
Our algebra from x to z;
Blue and silver our colors we chose,
Matching the great depth of the sea;
Our flower, the American Rose,
So rich, so red, so free.

And this was the reason, that three years ago,
In this school of R. K. D.
That this class studied and planned
With the greatest of psychology
For our motto we chose
What a motto should decree
"Try till you win" and never stop
Until crowned with victory.

Other classes, not so happy in school,
Went on envying our class of fif-ty
Yes, that was the reason (as all can know
In this school at R. K. D.)
When we Juniors played "Atomic Youth"
Authored by that Speech Prof. at Bee Gee.

But our interest was stronger by far,
Than "of those who were older than we"
"Of many far wiser than we."
And neither atomic energy on ahead
Nor subs down under the sea
Can ever make us forget the theme
Of beautiful "Marcheta", lovely as Annabel Lee.

For the moon never beams without bringing dreams
Of this school at R. K. D.
And the stars never rise, but we'll feel the bright skies
Over the school of R. K. D.
And so all the night—all the day
Whenever the class of fif-ty may stray
In the years that are to be
We'll never, never forget R. K. D.

Class History

The year 1946 dawned with a world striving to make peace an actuality; the United Nations had been formed and Russia was already giving trouble with her use of the veto power. On the home front we began to settle back into our usual routine and . . . 30 members of the 1950 graduating class made their debut as Freshmen of the Arcadia High Schol.

Behind us lay eight years of work in the grades and we now started in earnest our high school career. In organizing our class we elected Stanley Strausbaugh as president; Betty Lou Stahl, Vice President; Clarence Cain, Secretary; Ralph Marvin, Treasurer; Virginia Ziessler, Reporter; Donna Wiseley and Eldon Fisher, Student Council Members. We chose for our class the colors blue and silver, for our flower the American Rose and for our motto "Try Till You Win." Mr. Mengert was our class sponsor.

The outstanding events of our Freshmen year were our initiation, participation in the operetta and our attendance at the Spring Prom.

And then we were Sophomores . . . another year in our career as high school students and a step nearer graduation.

As the leaders of our Sophomore year we chose for President, Donna Wiseley; Vice President, Clarence Cain; Secretary, Betty Lou Stahl; Treasurer, Eldon Fisher; Reporter, Tom Hissong. We had a new class sponsor this year, Mrs. Sharninghouse.

We had our first chance to show our ability in dramatics this year by presenting a one-act comedy, "Party Line", for an assembly program. The boys of our class were presented a trophy for winning the intramural games. Again this year our class was well represented in the operetta "Ask the Professor."

With the coming of our Junior year we realized that our high school days were rapidly coming to a close. We found ourselves very busy raising money and making preparations for the Junior and Senior Banquet which was to be held in the Spring, at the "Y" in Findlay.

For this busy year Mrs. Sharninghouse was again our sponsor and those to lead us were: Ralph Marvin, President; Stanley Strausbaugh, Vice President; Tom Hissong, Secretary; Marilyn Arnet, Treasurer; Esther Ann Kieffer, Reporter; Betty Lou Stahl, Student Council Member.

After many practices the moment came for the curtain to open and the presentation of our Junior Play, "The Atomic Youth" began to take place. Also to our credit we had seven Juniors enrolled in the National Honor Society.

With only 21 members in our class we began our Senior year. Once again this year Mrs. Sharninghouse was our sponsor and Ralph Marvin was our president. The other officers were: Vice President, Betty Stahl; Secretary, Donna Wiseley; Treasurer, Tom Hissong; Reporter, Margaret Ebersole; and Student Council Representative, Clarence Cain.

We proved our dramatic talent by presenting three plays during the year; our Senior Play "Marcheta" and two one-act plays, "Nobody Sleeps" and "Fright."

This year we had eight Seniors as members of the National Honor Society.

The Junior and Senior Banquet held at the Nic Nac in Fostoria brought a close to our High School career.

"Marcheta"

In an old Spanish garden lived "Marcheta," the girl who loved not wisely but too well, and for whom a man left the material world and went into the church, waiting for the time to come when he would die and rejoin the girl for whose death he felt responsible.

"Marcheta" was really two plays, as the story had to do with the lives of two girls—Dolores, the modern one, and her great aunt, Marcheta, who lived and loved fifty years ago. The first and third acts were laid in a modern setting while the second act flashed back fifty years in time, during which the ancestors enacted the story told by an old Padre.

"Marcheta" was the most ambitious play ever undertaken by the Senior class and it will stay in our memory for a long time to come as one of the most interesting plays we produced.

Cast was as follows:

Marcheta Montez .....Donna Wiseley
Ross Hamilton .....Alvin Schubert

Class Prophecy

"Ten Years Hence"

On a balmy spring day of April 1, 1960, I received a surprising telephone call and learned I was one out of millions selected from the telephone directory to appear on the "Kingfisher Wheel of Fortune Quiz Show."

I hastily finished my morning's work and left my two children with my next-door neighbor. On arriving at the radio station I was quite nervous from excitement. Much to my surprise I learned that a new announcer had been appointed. I took a second glance to be sure and it was none other than a "1950" classmate of mine, Eldon Fisher.

"Kingfish" drew a number from the wheel and luck was with me again. "Kingfish" called out my number and I walked slowly up the aisle. I won over the five contestants because I was able to give a quotation from Macbeth. I was given my choice of three things. As a winner I chose to have all my classmates of "1950" come by air to this broadcasting station on the following Wednesday.

Eldon, "The Kingfisher", did a good job of interviewing us. Until the very hour of the broadcast no one knew that his classmates would be there.

The hour arrived and the members of the class began to appear in the studio. You can imagine the shouts of surprise and exclamations of joy as each classmate appeared on the scene. Finally the "Kingfisher" succeeded in quieting the noise and confusion and the interview began.

In the questioning of ALVIN SCHUBERT it was learned that he was an ace pitcher with the Cleveland Indians and drew the largest salary in baseball history due to the fact he won four World Series games in a single series, an unheard of feat up to this time.

DORLA ANN DIEBLEY lives near Vanlue and is a busy housewife caring for six children.

JOHN NAU lives on his own dairy farm near Arcadia.

NORMA JANE BINGER has a good career as operator of "The Bingo Beauty Salon" in Hollywood, California.

JIM PATTERSON is a fresh-air taxi cab driver for the "Go-Gettum Taxi Service."

DONNA WISELEY and her husband live on a large veterinary farm near Vanlue. Donna's chief interests are the success of the veterinary farm on which she lives and her lovely home which represents her interior decorating abilities that we all knew she possessed when she took Home Economics at Arcadia School.

JACK HUFFMAN and BOB KING have been playing basketball for the past five years with the World Champion New York Subways. The pair set a record of 43 straight field goals. Bob missed the 44th goal when his attention was attracted by a young lady in the audience.

BETTY LOU STAHL is co-owner of the Hitchings Square Deal Jewelry Shop in West Independence. "A place where your credit is good when you pay cash."

RALPH MARVIN is the new agriculture teacher at the Arcadia School. Ralph has done considerable research and several articles have appeared in leading farm journals throughout the country on breeding of squealless pigs. Perhaps next it will be mOO-less cows.

PAT LANNING is a well-known chiropodist and has foot patients coming to her from all parts of Ohio.

MARK METZGER became a dirt farmer upon graduating from high school and intended to make farming his life's work. But upon learning of TOM HISSONG'S entry on the Republican ticket for State Senator, Mark immediately entered his name for Democratic Representative from Hancock county. Both won by a land slide—look out Senator Taft—your job may not be too safe.

MARGARET EBERSOLE is head nurse at Flower Hospital in Toledo. She plans an early June marriage.

IMAGENE THOMAS is employed as telephone operator at West Independence. It is rather doubtful how long she will hold this position since she is making plans to become a farmer's wife.

CLARENCE CAIN is a favorite of Broadway actors. His last appearance is the play, "Barb O' My Heart", that is now showing for its third consecutive year in New York.

MARILYN ARNET is the commercial teacher in the Exclusive School for Girls in Cleveland, Ohio. Her increased ability in speed and accuracy helped her to secure this high position.

VIRGINIA ZIESSLER and her husband operate a successful restaurant and recreation center at Ziessler's Corner on Route 12. It is one of the favorite pastime spots for Arcadia students.

Nation's Number One Argumentative Research Technician, under Dr. Einstein, is none other than MARION DICK. It is rumored that SIR MARION doubts every authority he finds in Mr. Einstein's library. DICK and EINSTEIN'S latest theory is the triple cracking of the atom.

SIR MARION started to explain the theory but ELDON who was quick on the trigger wished all a safe journey home and announced the next get-together would be held 10 years hence in Paris.

The Student Council

The Student Council this year was composed of twelve members; two from each of the upper four grades, F.H.A. and F.F.A. with Mrs. Covert as the advisor. The officers were as follows:

President .....Robert King
Vice President .....Virginia Noel
Secretary-Treasurer .....Ellen Gassman
Reporter .....Shirley Farrell

One of the Student Council's most successful projects was the crowning of the Homecoming Queen, Betty Lou Stahl, by Alvin Schubert, the football captain.

The Social Activities of the school are scheduled by the Student Council. Several speeches were made by the Council in order that the building might be kept cleaner. The Student Council stressed courtesy in one assembly and in another it had charge of Recognition Day.

The Student Council sponsored several dances after football games and they also made arrangements for the Spring Prom.

Honor Society

SITTING: Betty Lou Stahl, Margaret Ebersole, Esther Ann Kieffer, Donna Wiseley, Marilyn Arnet.
STANDING: Alvin Schubert, Tom Hissong, Margaret Fruth, Pat Lanning, Virginia Noel, Mary Ellen Wells, Mrs. McKinney.

The National Honor Society was organized in the nation approximately fifty years ago to create enthusiasm for scholarship throughout the schools, to encourage students to render service to the school and community, to promote leadership and to develop strong character.

Recommendations for membership are made by the faculty. A student must have a scholarship average of B or above. Music, plays, sports, class and club officers, cheerleader, volunteer service and church activities are considered with scholarship to be a member of the Society.

Eight persons of the Senior class of 1950, graduated as members of the Hancock County chapter of the National Honor Society. Mrs. McKinney was the sponsor of our chapter.

In January, a social gathering was held at Rawson for all members and initiates to become better acquainted. In April, three Juniors and one Senior from our school were initiated into the society at a formal banquet held at Vanlue. A meeting of the executive committee of Hancock County was held at the beginning of the year to make plans and recommendations for the coming year.

Honest effort and hard labor are the prerequisites for becoming a member of the National Honor Society. All the members receive a pin which is a lighted torch, representing the four characteristics, scholarship, service, leadership, and character.

To become a member of the Honor Society is a challenge to all underclassmen to put forth their best efforts, for it is what you do in the present that determines your success in the future.

Junior Red Cross

During the school year, each grade and room had a 100 per cent enrollment in the Junior Red Cross. Before Christmas we packed fourteen boxes to be sent overseas to the unfortunate people of Europe. We plan to fill just as many more boxes before the year is over. Two representatives were chosen from each class making twenty-four directors altogether. The group worked under the guidance of their sponsor, Ethel Cole.

Library Staff

The library has undergone another change this past year concerning the grading system. Six weeks grades are now given and every librarian must work at least one period a day to get his credit. There have been several library tests given during the year. The library staff has cooperated and worked under the direction of the faculty librarian, Mrs. Sharninghouse, and her assistant, Pat Lanning.

Junior Class Play

The Junior Class play "Dear Son," a three act comedy, was presented April 28, 1950. The play is centered around Lee Sheridan who claims to be a rich student who goes to Albany every week to see his parents. It is later discovered that he has no mother or father and goes to Albany only to earn money for his education. The play ends happily finding Lee and Jean infatuated. No effort was spared to make this the most outstanding hit of our school year. The cast included Mary Ellen Wells, Kathryn Marvin, Betty Lenhart, Virginia Noel, Jeanette Jameson, Rex Cunningham, Herbert Archibald, Charles King, Robert Painter, and Tom Wentworth. The play was under the direction of Mrs. Irene Sharninghouse who was assisted by Beverly Damon.

The Arcadia Chapter of Future Farmers of America has a good start toward a very prosperous year. Under the leadership and direction of our officers and advisor, Mr. Knight, the chapter has achieved many goals. We entered a number of livestock and grain exhibits along with a chapter float at the Hancock County Fair.

The chapter sold greeting cards and pencils to increase their financial status.

Four members took part in a livestock discussion for the Farmer's Institute. We also gave a radio program over WFIN. The chapter gave a parliamentary procedure demonstration in assembly. The F.F.A. and F.H.A. enjoyed their annual game supper this year with plenty of pheasant and rabbit.

We are planning our annual Parent and Son Banquet with the state F.F.A. President as our speaker. The Parliamentary Procedure Team tried for top honors again this year.

We are also planning and working on our booth for the Ohio State Fair exhibit for next year.

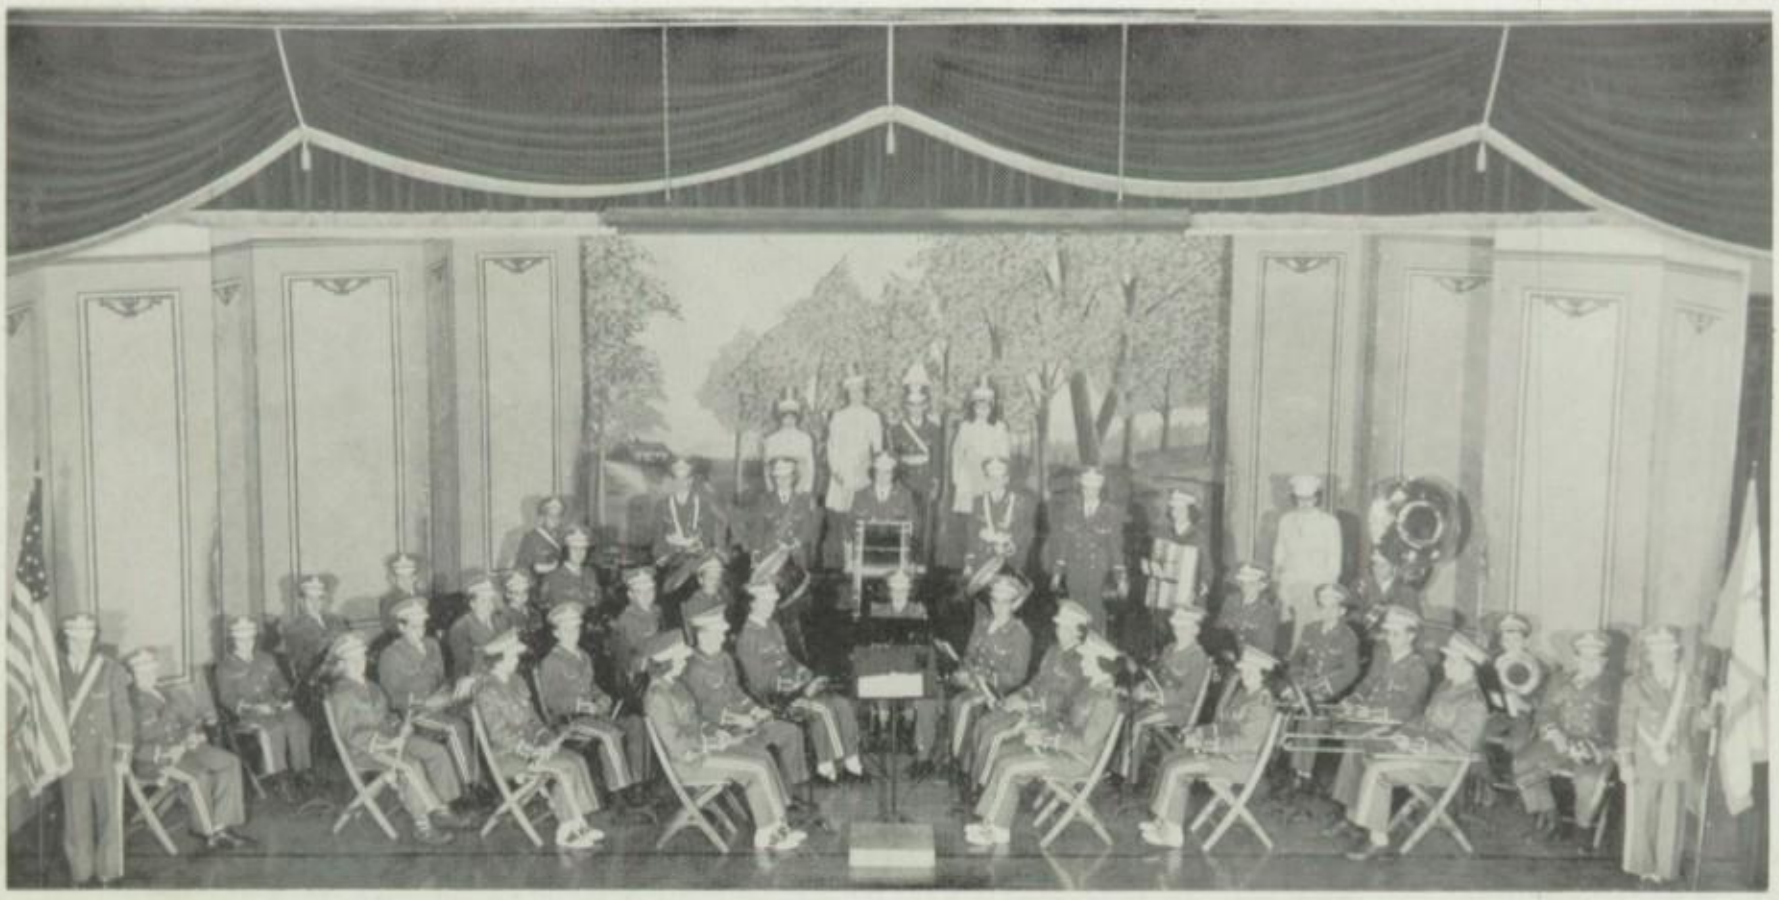
Band



The band received their new suits in August. We are thankful to the Band Booster Organization for the splendid work and interest they showed in getting these uniforms. The band performed in a contest among numerous High School Bands of the Northwest District. This contest was held at the Clover Farm Picnic at Riverside Park in Findlay on Labor Day last Fall. We were able to win fourth place in the contest. This was our first appearance in our new uniforms. The band also played at the Hancock County Fair one evening. This performance was rained out. We also performed at all the home football games. We used various formations on the field such as an "H" for the opposing team meaning "Hello" and an "A" for our home team.

A small band, composed of advanced students, played at the intermissions of a few basketball games. A few of the selections were college marches such as Ohio State's "Across the Field" and Notre Dame's "Victory March."

We also appeared at P. T. A. and Farmers Institute. We played in concert formation on the stage for these occasions. A group of selected students played at McComb in the County Music Festival this spring. The twirlers, Norma Ritter, Barbara Agnew and Janice Heinze, along with Ronnie Stahl, our drum major, form splendid leadership for our band. Their white and gold uniforms contrast very well with the red and white of the band's. The band members collected sales tax stamps and purchased an American Flag and a school flag. Later we bought an eagle for the top of each pole.

The band members elected officers last fall. They chose Bob Painter as their president; Glen Saltzman, vice president; Beverly Damon, secretary; and Ellen Gassman, treasurer.

Orchestra

The Arcadia Orchestra is composed of twenty-one members from the eighth grade through high school. In it are ten violins, three clarinets, two trumpets, two trombones, one tuba, one base drum and one snaredrum.

The Orchestra, under the direction of Mrs. Payne, has played for several different programs such as the Senior Play, High School Assembly, Junior Play, Farmers Institute, Grade School Assembly, and the Commencement exercises. A few of our selections have been, "Across the Field", and "Shoulder to Shoulder" which are marches; "In a Garden", which is a serenade; and "Barcelona", a Spanish melody.

The Orchestra practiced twice a week, Tuesday and Friday, according to a rotating schedule set up on class time. The orchestra was accompanied by Carol Reid at the piano.

We are proud of our orchestra and enjoy listening to music featuring the string instruments. Arcadia is one of the few schools in the county that can claim having an orchestra in addition to a band.

Reserves and Junior High

KNEELING: Joe Diebley, Neil Breyman, Russell Clark, Raymond Burns, Lloyd Monday.
STANDING: Mr. Reis, Alvin Schubert, Ronald Mattox, John Nau, James Ebersole, Lanny Semler, Neil Weaver.

Our Reserve basketball team is composed primarily of boys who have set a goal for themselves . . . to master basketball. Our physical education classes furnish training for the maintenance of healthy bodies, but these boys have the same advantage in basketball plus the hope of playing so well that they may be skillfull enough players to be members of the varsity team. Their season's record of seven games won and five lost gives us hope of having a good team next year.

The Junior High team was a group of boys keenly interested in learning basketball and in winning ball games. Their fine spirit could not be destroyed by their record for the season of four games won and five lost.

KNEELING: Harold Nye, La Verne Snyder, Lewis Campbell, James Steyer, Floyd Hissong, Bill Diebley, Jerry Gaertner.
